Established in 2003, **Veteran Engineering and Technology, LLC (VET)** is an SBA VetCert-certified SDVOSB delivering Information Technology Systems, Systems Engineering, and Technical Management support across DoD, federal civilian, and NASA customers. VET brings 22 years of documented federal performance, a Top Secret facility clearance, dual ISO certification, DCAA-approved accounting, and CMMI-DEV Level 3 practices — with the contract vehicles, joint ventures, and mentor-protégé relationships to scale for complex requirements.

CORE COMPETENCIES

Information Technology Systems

- Network & Systems Administration
- Website & Application Design / Development
- Information Security / Assurance
- Cybersecurity — RMF, CMMC, Zero Trust
- Help Desk Support
- System & Application Test and Evaluation
- Network Monitoring and Analysis
- VoIP, VTC & Mobile Device Support
- SharePoint Development & Administration
- Microsoft Azure Cloud Development
- Mobile Application Development

Systems Engineering

- Database Engineering & Maintenance
- Enterprise Architecture Design & Maintenance
- System Design and Development

Technical Management

- Program & Project Management
- Configuration Management
- Quality Assurance
- Lifecycle Management
- Technical Research and Analysis
- CMMI-DEV Level 3 Compliant Programs

Cybersecurity

- Critical infrastructure, application, network & cloud security
- Vulnerability assessment & penetration testing

WHY VET

- **22 years** of continuous federal delivery — not a startup
- **Top Secret facility clearance** — dual personnel ready
- **ISO 9001:2015 + ISO 27001:2022** cleared-certified quality & security
- **DCAA-approved** accounting system
- **CMMI-DEV Level 3** practices applied to every engagement
- **SBA Mentor-Protégé** approved program — growing the SDVOSB ecosystem
- Three active **joint ventures** expanding capacity & set-asides
- Seven **active contract vehicles** — GWAC, IDIQ, MAS, and BPA

JOINT VENTURES & MENTOR-PROTÉGÉ

Veteran Information Technologies LLC (VIT)

VET Managing Member • SDVOSB JV • NASA SEWP V

JV with IMPRES Technology Solutions (HUBZone SB). 60+ OEM relationships. Top 40 SEWP V performer. Delivers commercial IT products & services to federal agencies.

BiC-1 — Best in Class

VET Primary SDVOSB Partner • Federal | State | Local

Specializes in Data Center Management, Cloud Solutions, Cybersecurity, Systems Integration, and Mission-Focused Engineering.

Veteran Information Technology Solutions LLC (VITS)

VET Managing Member • SEWP VI Offeror — Categories A & C

JV with IMPRES Technology Solutions (HUBZone SB), purpose-built for NASA SEWP VI. Proposal submitted; award under evaluation.

SBA Mentor-Protégé Program

VET serves as SBA-approved mentor to **Innovative Solutions Inc.** (CAGE 7Z6W0 • inn-sols.com) — providing technical guidance, BD support, and federal contracting expertise.

SELECT CURRENT & PAST PERFORMANCE

U.S. Air Force

- **Cyberspace Training Support** — prime, current
- AETC Technical Training Management System (TTMS)
- **Working Dog Management System (WDMS)** — current
- Custom software & SharePoint for Air Force Security Forces Center (AFSFC)
- Enterprise Basic Military Training (eBMT) system development
- ISSM & Test Center Administration; CES IT Support

U.S. Army

- Regional Level Application Software (RLAS)
- Army Reserve Portal Tool (ARPT) — SharePoint platform
- iPERMS databases & website sustainment
- Army Training Management System (ATMS)
- C4/IM sustainment — Fort Dix Network Enterprise Center
- AWS Cloud Hosting — Army Acquisition Support Center

Dept. of Veterans Affairs

- Custom software development — **current**
- Specialized Search Engine, VHA Innovation Program

Dept. of Commerce (NOAA • NIST • BIS • DASI&S • Census)

- Executive staff augmentation — **current**
- IT security engineering support — **current**
- \$11M+ in obligations across DoC enterprise

NASA

- Oracle database administration — Stennis Space Center

Dept. of Treasury

- Middleware support — Information & Security Services branch

U.S. Navy

- Help desk — Navy History & Heritage Command CIO
- Security+ training — Great Lakes Naval Station

USDA

- Web-based customer & DBA support for APHIS
